SUGGESTIONS FOR THE IMPROVEMENT

B. Com Students

- It could explain more practical use instead of theories

B.Sc. Students

- Try to conduct more activities which help to improve the skills or confidence of the students like educational trip, speech.
- The course curriculum should be more practical oriented.
- Soft skills related courses should also be included
- Syllabus is not well balanced
- Skill development courses should be more as they are beneficial for our future
- The curriculum should also involve the latest changes that occur around the world with regard to the topics of study.

➤ **BA Students**

- Books regarding syllabus should be appropriate. Syllabus covered in books is not appropriate and not useful.

BBA Students

- More Skill development courses should be included
- Please include some extra activities which help in building skills rather than only bookish knowledge which is also outdated. (Need for updating the syllabi)

BCA Students

- The syllabus should have to be according to latest updates
- The distribution of contact hours among the course components i.e. Lecture, Tutorial and practical needs improvement
- Please include some industrial trips for students to understand or experience their work
- Our BCA syllabus is old. We should add syllabus in BCA according to latest technology.
