Suggestions for the Improvement

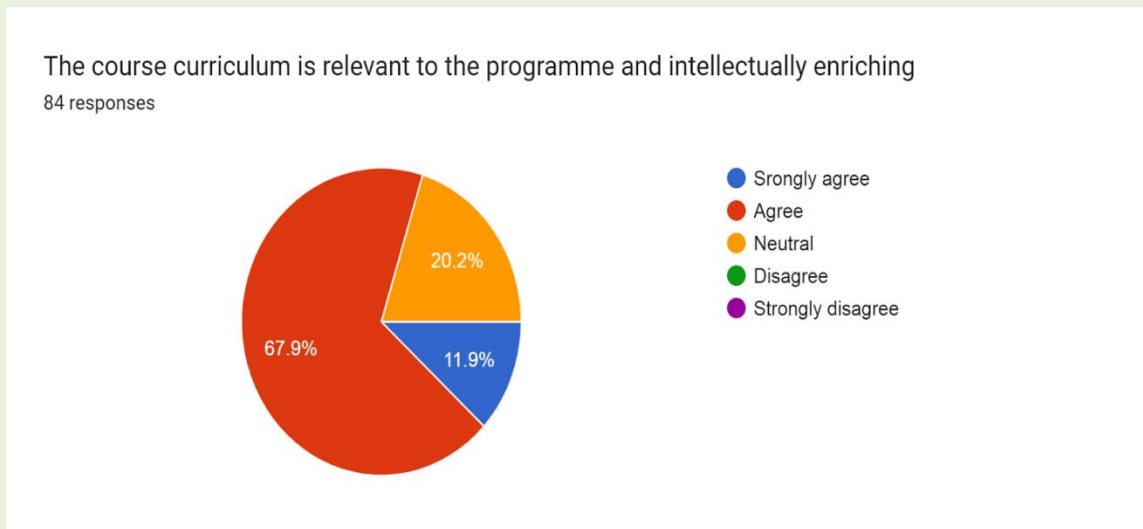

- Books regarding syllabus should be appropriate. Syllabus covered in books is not appropriate and not useful.
- Skill development courses should be more as they are beneficial for our future.
- The course curriculum should be more practical oriented.
- It could explain more practical use instead of theories.
- Try to conduct more activities which help to improve the skills or confidence of the students like educational trip, speech.
- Please include some extra activities which help in building skills rather than only bookish knowledge which is also outdated.
- Need to more staff.
- Provide better infrastructure and technology equipment.
- Need improvement in interaction between students and teachers .
Transparency of internal assessment is needed.
- Skill enhancement courses must not be a separate subjects .It should be one subject including two skill enhancement subjects.

Suggestions for the Improvement

- e- Learning methods must be used for improvement of courses.
- Conceptual structure used to organize the course need to be clarified.
- There is need of introducing more skill enhancement courses.
- There is need of practical knowledge about each subject.
- Unit test should be done on monthly basis.
