About the College

Established in 1968 and located on the Una–Nangal Road, Government College Una is one of the prominent public institutions in the region. Affiliated with Himachal Pradesh University, Summer Hill, Shimla, the college is recognized under Sections 2(f) and 12(B) of the UGC Act and has been accredited with a “B+” grade by NAAC, reflecting its commitment to quality education and academic excellence.

The college offers a wide range of undergraduate and postgraduate programs, including B.A., B.Sc., B.Com., M.A. (Economics, English, Political Science), and M.Com., along with professional courses such as BBA, BCA, MBA, MCA, PGDCA, and B.Voc., designed to enhance employability and skills.

With modern laboratories, digital classrooms, a well-stocked central library, and hostel facilities, the institution provides a supportive academic environment. Alongside academics, active participation in NSS, NCC, Rovers and Rangers, sports, and cultural activities ensures holistic development and nurtures responsible, well-rounded citizens.

About the Seminar

The seminar on “Multi-Faceted Approaches to Driving Inclusive Rural Development” aims to explore innovative and sustainable pathways for holistic rural transformation. It seeks to understand how villages can grow in a balanced, inclusive, and self-reliant manner. Rural development today extends beyond agriculture to include employment generation, education, healthcare, women empowerment, infrastructure, digital inclusion, clean energy, and responsive governance.

The seminar provides a dynamic platform for teachers, researchers, policymakers, social workers, and students to exchange ideas and share research findings. Discussions will focus on smart agriculture, MSMEs, financial inclusion, skill development, renewable energy, digital technologies, and policy innovation—key drivers for strengthening rural livelihoods and reducing the rural–urban divide.

Emphasis will be placed on empowering women, youth, small farmers, and marginalized communities while promoting environmental sustainability through clean energy and resource conservation. Overall, the seminar encourages collaboration and knowledge-sharing to advance inclusive, resilient, and sustainable rural societies.

Sub-Themes

- Innovations and Empowerment for Sustainable Rural Development
- Smart Agriculture and Smallholder Farmer Empowerment
- Strengthening Rural Livelihoods through MSMEs and Cooperative Innovation
- Financial Inclusion and Rural Business Innovation
- Digital Inclusion and ICT for Rural Empowerment
