Report of Mathematics Day Celebration
(22-12-2022)

On December 22, 2022, the Mathematics Society of Government College Una celebrated Mathematics Day. The event began with a greeting speech from Dr. Ranju Banota, the Mathematics Society coordinator. The lamp was lit in front of Goddess Sarasvati to officially begin the event. Prof. Binny Ohri, head of the department of mathematics, spoke about the significance of the day. She has provided a short introduction to Srinivasa Ramanujan, a great Mathematician. She added in her address that Ramanujan never had formal training in pure mathematics, but he made substantial contributions to mathematical analysis, number theory, infinite series, and continued fractions. The video presentation was given by Ms. Vaishali B.Sc. (3rd year) about the history and achievements of Srinivasa Ramanujan. A presentation competition was organized on that day. Fifty Six students were present at the function, of which 11 participated in the competition. The participants and the other students enjoyed the programme. Prizes were given to the winners at the end of the programme.
