CRITERION 3. INFRASTRUCTURE AND RESOURCES

3.2. Library Facilities

The college library offers ample space with a seating capacity of 300 and houses a total of 25,888 textbooks. It also provides access to 13 newspapers, 17 magazines, 33 journals, and various reference books. E-resources are accessible through N-list, ONOS, and NDLI. E-resources available under N-list programme include access to 11 publishers of electronic journals having total 3828 E-journals, 21 publishers of electronic books total of 80409 E-books of various disciplines including arts, science, commerce, marketing, general knowledge and many others. The library is well organized with department-wise book sections, a dedicated reference section with dictionaries and encyclopedias, previous year question papers, and a book bank facility. Library cards, identity cards, and all required forms are also issued through the library. The library's key features include a Digital Library with 16 computers with internet facilities, photocopy services, OPAC, book circulation, and reliable internet facilities. SOUL 3.0 (Software for University Libraries) from INFLIBNET is procured by library for integrated management of all the library resources.
