

#### 4.5 (ii) Cleanliness in washrooms, buildings/campus

Cleanliness and hygiene condition of the college washrooms is satisfactory. The infrastructure is well-designed and adequately ventilated, and the sanitation facilities are properly structured.

The sanitation infrastructure of Government College Una is sound and functional. Regular cleaning is carried out; the washrooms can meet very good cleanliness benchmarks suitable for accreditation and internal quality assessment.

##### Strengths

- Washrooms are well-lit, with functional ceiling lights and good natural light.
- Adequate ventilation through windows and exhaust fans.
- Modern sanitary fixtures (washbasins, mirrors, toilets) in usable condition.
- Tiled floors and walls support easy cleaning and maintenance.
- No signs of overflowing waste or severe unhygienic conditions.
